

Process for 'Endorsed by FISITA'

07 June 2019

Background

'Endorsed by FISITA' has been created to acknowledge the highest quality international technical events and conferences delivered exclusively through our international membership network.

Members are encouraged to apply for 'Endorsed by FISITA' early in their preparation for an event to gain the most benefit. The criteria for Endorsed is set out on the website

<https://www.fisita.com/events/endorsed/criteria>.

Benefits of 'Endorsed by FISITA' accreditation can be found here

<https://www.fisita.com/events/endorsed>.

Once an event has been awarded 'Endorsed by FISITA', you will be provided with a confirmation letter along with a copy of the logos, graphics and visuals. FISITA will then work with the Organiser on the promotional and logistical arrangements to be made.

For the best post event coverage, the Organiser is asked to provide the following:

- Photos of the handover certificate presentation (where one is given) or Photos of senior level person with the certificate
- Photos of the event
- Brief post event report to include a quotation from organiser on receiving Endorsed (preferably senior level person)

Application Procedure

The absolute deadline that FISITA will accept applications is 6-weeks before the event. This is because FISITA needs to arrange for Opening and Closing videos to be produced.

The online application form can be found here <https://www.fisita.com/events/endorsed/application>

Once an application has been received via the website, FISITA undertake to review and respond within 7 working days of receipt.

The Application and any accompanying documents should be completed/uploaded in English.

Any requests from FISITA for further information should be sent to FISITA within 7 working days.
